Overview

Missouri Department of Revenue

The Missouri Department of Revenue (Department) is the central collection agency for all state and non-state revenues. In addition to collecting taxes and fees, the Department titles and registers vehicles, and licenses drivers. The Department strives to ensure that all taxes and fees owed to the state and local political subdivisions are paid; that its duties and services are performed according to statutory and regulatory standards, in a professional manner, and in a technologically forward-thinking fashion; and that it minimizes administrative expense.

In Fiscal Year 2013 the Department collected \$9.1 billion or 98 percent of state General Revenue and \$2.7 billion in other state funds. In addition, the Department collected and distributed over 1,000 local-option tax rates for Missouri cities, counties, and other political subdivisions.

BUDGET UNIT NUMBER: 86000C	DEPARTMENT: REVENUE
BUDGET UNIT NAME: Department of Revenue	DIVISION: N/A

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

The Department of Revenue is requesting 10 percent flexibility for General Revenue (GR) and other funding for Fiscal Year 2015 between personal services and expense and equipment and between divisions. With core reductions and the impact of Amendment 3, the Department's budget is tight and flexibility is needed to continue providing the best possible revenue collection results and to continue to perform its statutory and regulatory mandates.

GOVERNOR'S RECOMMENDATION: 10 percent flexibility for GR and other funding for Fiscal Year 2015 between personal services and expense and equipment and between divisions.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
The Department did not receive flexibility in Fiscal Year 2013.	The Department's flexibility is restricted to 10% between personal services and expense and equipment and between divisions. The Department will use its flexibility to focus on aggressive revenue generating programs.	The Department is requesting 10 percent flexibility to continue the focus on revenue generating programs.

3. Please explain how flexibility was used in the prior and/or current years.

The appropriation amount for the Fiscal Year 2014 pay plan was based on the pay increase beginning in January, 2014 for the final twelve pay periods of the fiscal year. This requested amount is equivalent to the remaining twelve pay periods in order to provide the core funding necessary for a full fiscal year.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Three percent of the core personal services appropriation amounts was calculated. That amount was then adjusted to reflect 11 pay periods which is the number of pay periods that would be paid in Fiscal Year 2015 after January 1, 2015.

5. BREAK DOWN THE REQUEST BY BUDGET OBJECT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

The program will apply to individuals and businesses who, during the amnesty period, file and pay delinquent taxes to the Department. The funding request includes temporary staff and overtime costs to process returns and payments, complete correspondence, and contact taxpayers, as well as advertising, and postage costs.

The Department estimates this legislation could have a net positive impact on General Revenue of \$51.8 million and on Total State Revenue of up to \$61.4 million in Fiscal Year 2015. The Department estimates that \$75 million in total funds (\$63 million GR) may be received through amnesty, but \$50 million total funds (\$42 million GR) would have been identified as outstanding liabilities by the Department and collected through normal processes.

The Department of Revenue mailed over 12.5 million pieces of mail in Fiscal Year 2013. The Department diligently programs its mail to take advantage of all postage discounts and looks for strategies to reduce the number of mailings. Because of increased postage costs, the Department will experience a shortfall in its postage budget.

The Department received information after the October 1 budget submissions that the United States Postal Service would increase its postage rates 6% effective January 2014.

The Department of Revenue requests funding to purchase a high volume inserting/mailling machine to replace two older inserting/mailling machines purchased in 1996 and 2000. The Department currently has three inserting machines. The production efficiency and versatility of the new equipment will enable the Department to process various types of mailings (including titles, refund checks and notices) with one fewer machine. Reducing the overall number of machines will save the Department approximately \$29,000 per year in maintenance for the life of the new inserter.

The MailStar500 inserting machine, purchased in 1996, is primarily used to insert and mail motor vehicle titles on a daily basis. The Department mailed approximately 1.5 million motor vehicle titles in Fiscal Year 2013.

The BH3000 inserting machine, purchased in 2000, is primarily used to insert and mail refund checks on a daily basis. The Department mailed approximately 800,000 refund checks in Fiscal Year 2013.

The current machines use a fiber optic read system to identify programmed codes printed on the documents. The programmed codes tell the inserting machines how many documents go into an envelope, zip code breaks, etc. This allows the Department to send mail at optimal postage discounts. The optic character reader is out-dated technology.

The advanced technology and system capability of the new equipment will enable the Department to move towards two-dimensional bar code readability, or camera read technology. This will allow the Department's computer programmers to program mail that is compatible with today's technology. The Department will thereby be able to incorporate the technology into the Integrated Tax System mailings which are under development and provide on-going maintenance. It will also allow the Department to process motor vehicle titles and checks on the same inserting machine. The various feeder options on the new machine will provide the Department greater flexibility in scheduling and processing other automated (programmed, discounted) mailings which are currently ran on the Department's third inserting machine. This will create greater efficiencies by keeping all mail inserters functioning at almost full capacity.

The estimated cost of the new inserting machine is \$350,000.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The BH3000 inserting machine was purchased for \$273,124 in October 2000. The Department estimated a two percent cost increase per year (13 years), or \$350,000. The current statewide contract for mailroom equipment expires October, 2013. The Department will competitively bid the machine if a statewide contract is not available.

Costs are split between the Highway Collections and Postage budget units.

2. CORE DESCRIPTION									
Constitutional Amendment 3, passed by a majority vote on the 2004 General Election ballot, limits the amount of highway funding the Department of Revenue may spend to the cost of collection up to but not exceeding 3 percent of the collection of a particular tax or fee collected per Article V, Sections 29, 30(a), 30(b), and 30(c) of the Constitution of the State of Missouri.									
The Highway Collections core is comprised of the highway funding the Department is appropriated pursuant to Constitutional Amendment 3 and the amount of the General Revenue needed to fund the motor fuel tax, motor vehicle sales and use tax, and the motor vehicle and driver license fee responsibilities of the Department as set out in statute. Failure to fulfill these statutory obligations would have a negative impact on the collection of highway funding and diminish the safety of Missouri's highway system because motor vehicle and driver license suspension and revocation actions could be jeopardized.									
3. PROGRAM LISTING (list programs included in this core funding)									
Fuel Tax Program					Motor Vehicle Registration Program				
Driver License Program					Motor Vehicle Title Program

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? The cost projection is based on the average number of driver and nondriver licenses produced every third year. Historically, the third year produces a larger volume of licenses; FY2015 will fall into this category with FY2006, FY2009, and FY2012.

The Motor Vehicle and Driver Licensing Division requests core funding to implement legislation for:

HB 103 – This legislation allows the governing body of any state college or university to establish regulations to control vehicular traffic on campus. These violations will have the same affect as a municipal ordinance with points assessed to an offender's driver license. The Motor Vehicle and Driver Licensing Division is requesting two Revenue Licensing Tech FTEs to process the additional convictions received from the colleges and universities and to respond to additional phone calls for potential suspensions and revocations due to the accumulation of points against a person's driver license.

1. What does this program do?

The Sales Tax Program administers and collects Missouri's sales and use taxes. Section 144.020, RSMo, authorizes a general sales tax, a 3 percent tax on the purchase price of tangible personal property or service sold at retail, excluding exemptions. Section 144.610, RSMo, authorizes a general use tax, a 3 percent tax on the value of tangible personal property purchased outside the state for the privilege of storing, using, or consuming the property within the state. Two additional sales and use taxes have been approved by voters and are authorized by Article IV, Section 43 and Article IV, Section 47 of the Missouri Constitution: a one-eighth of 1 percent Conservation sales and use tax and a one-tenth of 1 percent Parks, Soils, and Water Conservation sales and use tax. Also, Section 144.701, RSMo, authorizes a 1 percent Education sales and use tax. Program staff provides a variety of administrative and customer service functions. On the administrative side, staff implements, collects, and distributes local sales taxes and refunds overpayments of sales/use taxes. Staff also processes registration applications, updates information for businesses that report sales/use taxes, handle lien filings, assists in the collections or makes collection case referrals to local prosecuting attorneys and collection agencies, tax clearances, and debt offsets. There are seven tax assistance centers that assist taxpayers in registering businesses, resolving delinquent accounts, and reinstating revoked licenses. Staff assist taxpayers who have received delinquent notices, assist with resolution and collection activities using the automated phone system, and provide technical support. Eight Missouri compliance offices and three out-of-state compliance offices conduct audits of taxpayers' sales and use returns. The Department educates its constituencies by participating at conferences, educational seminars, one-on-one meetings, and through its website.

2. CORE DESCRIPTION									
<p>The Department of Revenue collects approximately \$8 billion in general revenue and \$1 billion in highway related revenue annually using a mixture of largely 20-30 year old mainframe and pc software systems. Communication between systems is severely limited. Additionally, the systems are difficult to modify for legislative changes, efficiencies, and collection enhancements.</p> <p>The Department awarded a 5-year contract for \$73,068,294 in February 2012 for implementation of an integrated system. The Department and contractor project additional revenues for the first 5 years of \$217 million. Under the contract, the Department only pays for accepted deliverables when the state has received sufficient benefits to pay for it. By contract, 50 percent of the first \$20 million generated in benefits is available for payment to the vendor for accepted deliverables; 75 percent is available for payment to the vendor thereafter up to the fixed price of the contract.</p> <p>As of December 31, 2013, the state has recognized \$70,359,213 in benefits and paid the contractor \$29,264,780.</p>

2. CORE DESCRIPTION									
The Legal Services Division ensures the Department's compliance with law and internal policies. The Division performs support functions to increase the effectiveness of revenue collection programs in the Department.									
The Division advises the Director and divisions on legal matters relative to the Department and represents the Department in courts and administrative tribunals. It also conducts external investigations and develops information leading to local prosecution of individuals and businesses suspected of violating state statutes related to taxation, motor vehicle, and driver laws. In addition to external investigations, it conducts internal audits and investigations of the contract license offices.									
The Division receives federal grants from the Missouri Department of Transportation's Highway Safety Division and Federal Highway Administration. These grants allow the Department to work case files involving intoxication-related license actions on appeal and chemical refusal cases handled by local prosecuting attorneys. The grants also fund motor fuel tax and odometer and title fraud investigations.									
Additional divisional costs are included in the Highway Collections budget unit.

1. What does this program do?

The Sales Tax Program administers and collects Missouri's sales and use taxes. Section 144.020, RSMo, authorizes a general sales tax, a 3 percent tax on the purchase price of tangible personal property or service sold at retail, excluding exemptions. Section 144.610, RSMo, authorizes a general use tax, a 3 percent tax on the value of tangible personal property purchased outside the state for the privilege of storing, using, or consuming the property within the state. Two additional sales and use taxes have been approved by voters and are authorized by Article IV, Section 43 and Article IV, Section 47 of the Missouri Constitution: a one-eighth of 1 percent Conservation sales and use tax and a one-tenth of 1 percent Parks, Soils, and Water Conservation sales and use tax. Also, Section 144.701, RSMo, authorizes a 1 percent Education sales and use tax. Program staff provides a variety of administrative and customer service functions. On the administrative side, staff implements, collects, and distributes local sales taxes and refunds overpayments of sales/use taxes. Staff also processes registration applications, updates information for businesses that report sales/use taxes, handle lien filings, assists in the collections or makes collection case referrals to local prosecuting attorneys and collection agencies, tax clearances, and debt offsets. There are seven tax assistance centers that assist taxpayers in registering businesses, resolving delinquent accounts, and reinstating revoked licenses. Staff assist taxpayers who have received delinquent notices, assist with resolution and collection activities using the automated phone system, and provide technical support. Eight Missouri compliance offices and three out-of-state compliance offices conduct audits of taxpayers' sales and use returns. The Department educates its constituencies by participating at conferences, educational seminars, one-on-one meetings, and through its website.

The Legal Services Division uses its federal fund appropriation authority to administer federal grants received from MoDOT's Highway Safety Division and Federal Highway Administration. The General Counsel Office receives grants from MoDOT's Highway Safety Division for an attorney and paralegal to work case files involving intoxication-related license actions on appeal and chemical refusal cases handled by local prosecuting attorneys. The Compliance and Investigation Bureau (CIB) receives grants from the Federal Highway Administration for motor fuel tax enforcement.

On July 18, 2013, the CIB was awarded a grant from the National Highway Traffic Safety Administration for 24 months totaling \$61,439. The grant allows CIB to conduct investigations involving odometer and title fraud. The grant also allows CIB to provide training to local, county, and state law enforcement agencies regarding odometer and title fraud. The grant includes \$13,238 for agent overtime.

The CIB also received a federal grant in January 2013 from the Federal Highway Administration for motor fuel tax enforcement. The total grant award was \$250,000 and expires on September 30, 2015. This grant provides for one FTE dedicated to motor fuel tax enforcement and investigations and overtime.

The current federal fund personal service ceiling is \$205,168 and is insufficient to cover the awarded grants.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The GCO renewed its grant from MoDOT's Highway Safety Division since 2010. The current federal fund personal service ceiling is \$205,168 and is insufficient to cover the awarded grants and potential renewed grants.

The Department of Revenue's Criminal Tax Investigation Bureau (CTIB) currently manages a fleet of nine vehicles. These vehicles enable CTIB to carry out its mission to conduct complex financial crime investigations in the areas of sales, withholding, and income taxes. Special agents assigned to CTIB utilize the vehicles to participate in interviews of suspects and witnesses, surveillance, search warrants, meetings with prosecutors and other law enforcement agencies, and general investigative duties. The results of CTIB's investigative actions include holding those who violate state laws accountable through the judicial system, as well as enhanced voluntary compliance through publicizing successful investigations. CTIB actively pursues monetary judgments for evaded taxes and provides the state with the necessary deterrent factor for those who consider evading taxes.

1. What does this program do?

The Child Support Enforcement Program, in conjunction with the Missouri Department of Social Services, oversees contract compliance and reconciles receipts and disbursements of both IV-D and Non-IV-D child support payments. Missouri contracts with a private company to receive and disburse child support payments and handle related telephone inquiries. The vendor receives payments from non-custodial parents through paper checks or electronic fund transfers (EFT) and disburses payments to custodial parents through direct deposit, electronic payment card (EPC), or paper check. The cost of the contractor's services is dependent on the type and quantity of receipts/disbursements made in a given month and the contracted pricing schedule. The cost of IV-D transactions is split between federal and state governments with the federal government responsible for 66 percent of the cost. Non-IV-D transaction costs may also receive such federal funding if certain requirements are met, but are otherwise paid entirely by the state.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 454.400, RSMo, and P.L. 93-647 and 45 CFR, Section 303.20

3. Are there federal matching requirements? If yes, please explain.

Costs to transact IV-D payments are paid 66 percent by federal funds and 34 percent by state funds. Sixty-six percent federal financial participation is available for Non-IV-D transaction costs when the case includes a support order initially issued in Missouri on or after January 1, 1994, and an income withholding is in place.

4. Is this a federally mandated program? If yes, please explain.

Federal requirements as specified in P.L. 93-647 and 45 CFR, Section 303.20

1. What does this program do?

The Sales Tax Program administers and collects Missouri's sales and use taxes. Section 144.020, RSMo, authorizes a general sales tax, a 3 percent tax on the purchase price of tangible personal property or service sold at retail, excluding exemptions. Section 144.610, RSMo, authorizes a general use tax, a 3 percent tax on the value of tangible personal property purchased outside the state for the privilege of storing, using, or consuming the property within the state. Two additional sales and use taxes have been approved by voters and are authorized by Article IV, Section 43 and Article IV, Section 47 of the Missouri Constitution: a one-eighth of 1 percent Conservation sales and use tax and a one-tenth of 1 percent Parks, Soils, and Water Conservation sales and use tax. Also, Section 144.701, RSMo, authorizes a 1 percent Education sales and use tax. Program staff provides a variety of administrative and customer service functions. On the administrative side, staff implements, collects, and distributes local sales taxes and refunds overpayments of sales/use taxes. Staff also processes registration applications, updates information for businesses that report sales/use taxes, handle lien filings, assists in the collections or makes collection case referrals to local prosecuting attorneys and collection agencies, tax clearances, and debt offsets. There are seven tax assistance centers that assist taxpayers in registering businesses, resolving delinquent accounts, and reinstating revoked licenses. Staff assist taxpayers who have received delinquent notices, assist with resolution and collection activities using the automated phone system, and provide technical support. Eight Missouri compliance offices and three out-of-state compliance offices conduct audits of taxpayers' sales and use returns. The Department educates its constituencies by participating at conferences, educational seminars, one-on-one meetings, and through its website.

2. CORE DESCRIPTION									
<p>The Department of Revenue, through its Mail Service Center and contracted vendors, annually processes more than 12 million pieces of outgoing mail. The Department's outgoing mail volume is the largest in state government. The core postage request includes mailings of tax forms, marinecraft registration renewal notices, marinecraft titles, collection and enforcement notices, and statutory required pieces of certified mail.</p> <p>Additional postage costs are included in the Highway Collections budget unit and includes driver license renewals, motor vehicle registration renewal notices, motor vehicle titles, collection and enforcement notices, and statutory required pieces of certified mail.</p> <p>These mailings support the operational programs in their role of revenue collections by notifying citizens of taxes due and owed, and of renewal dates of licenses and vehicle registrations to aid in timely renewals. Failure to provide these mailings would negatively impact revenue collections; result in decreased enforcement of tax, driver, motor and marinecraft, and other laws; and violate statutory mandates to deliver certain notices by regular or certified mail.</p>

1. What does this program do?

The Sales Tax Program administers and collects Missouri's sales and use taxes. Section 144.020, RSMo, authorizes a general sales tax, a 3 percent tax on the purchase price of tangible personal property or service sold at retail, excluding exemptions. Section 144.610, RSMo, authorizes a general use tax, a 3 percent tax on the value of tangible personal property purchased outside the state for the privilege of storing, using, or consuming the property within the state. Two additional sales and use taxes have been approved by voters and are authorized by Article IV, Section 43 and Article IV, Section 47 of the Missouri Constitution: a one-eighth of 1 percent Conservation sales and use tax and a one-tenth of 1 percent Parks, Soils, and Water Conservation sales and use tax. Also, Section 144.701, RSMo, authorizes a 1 percent Education sales and use tax. Program staff provides a variety of administrative and customer service functions. On the administrative side, staff implements, collects, and distributes local sales taxes and refunds overpayments of sales/use taxes. Staff also processes registration applications, updates information for businesses that report sales/use taxes, handle lien filings, assists in the collections or makes collection case referrals to local prosecuting attorneys and collection agencies, tax clearances, and debt offsets. There are seven tax assistance centers that assist taxpayers in registering businesses, resolving delinquent accounts, and reinstating revoked licenses. Staff assist taxpayers who have received delinquent notices, assist with resolution and collection activities using the automated phone system, and provide technical support. Eight Missouri compliance offices and three out-of-state compliance offices conduct audits of taxpayers' sales and use returns. The Department educates its constituencies by participating at conferences, educational seminars, one-on-one meetings, and through its website.

2. CORE DESCRIPTION

The Department of Revenue refunds any overpayment or erroneous payment of worker's compensation taxes paid by insurance companies per Section 287 170, RSMo. Overpayments occur because insurance companies file estimated quarterly payments during the year based on prior year activity. In June of each year, when insurance companies file annual returns, estimates and actual liabilities are reconciled and refunds, if necessary, are issued. The Department uses this appropriation to process those refund claims.

2. CORE DESCRIPTION									
<p>Section 135.815, RSMo, states, "Prior to authorization of any tax credit application, an administering agency shall verify through the department of revenue that the tax credit applicant does not owe any delinquent income, sales, or use taxes, or interest or penalties on such taxes, and through the department of insurance that the applicant does not owe any delinquent insurance taxes. Such delinquency shall not affect the authorization of the application for such tax credits, except that the amount of credits issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of insurance concludes that a taxpayer is delinquent after June fifteenth but before July first of any year, and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits towards a tax delinquency, the administering agency shall notify the appropriate department, and that department shall update the amount of outstanding delinquent tax owed by the applicant.. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions or other provisions of law."</p>

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Section 135.815, RSMo, states that prior to authorization of any tax credit application, an administering agency must verify with the Department of Revenue that the tax credit applicant does not owe any delinquent income, sales, or use taxes, or interest or penalties on such taxes.

Over the last five fiscal years, the Department applied tax credits toward delinquent taxes ranging from \$238,494 to \$424,562.

Prior to Fiscal Year 2013, this appropriation contained an "E". In Fiscal Year 2013, the Department received a supplemental request. An increase is requested to the core to more accurately reflect anticipated spending.

The current appropriation level is \$200,000. The requested increase is the average of the expenditures from Fiscal Year 2009 through Fiscal Year 2013 and more accurately reflects anticipated spending.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Missouri Department of Economic Development (DED) administers development projects known as MODESA. Section 99.963, RSMo, states "The department of revenue shall annually submit the first one hundred fifty million of other net new revenues generated by the development projects for deposit in the state supplemental downtown development fund." The Department of Economic Development calculates the transfer amounts and forwards to the Department of Revenue to transfer from General Revenue to the State Supplemental Downtown Fund.

The DED is requesting an increase to its spending authority from the State Supplemental Downtown Development Fund to cover obligated costs (Decision Item number 1419009). This request is the corresponding increase to the transfer appropriation contained in the Department of Revenue's budget.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

DED projects that \$1,200,000 will be needed in Fiscal Year 2015 to cover the obligated costs for current projects. DED's spending authority from the State Supplemental Downtown Development Fund is \$994,008, therefore, DED requested an increase of \$205,992.

To meet the estimated obligated costs, DOR requests an increase to its transfer appropriation of \$205,992.

5. BREAK DOWN THE REQUEST BY BUDGET OBJECT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

Section 610.026.1, RSMo requires that, "[e]xcept as otherwise provided by law, each public governmental body shall provide access to and, upon request, furnish copies of public records...." The Department of Revenue deposits collections from the sale of information into the DOR Information Fund.

The Department, at the end of each state fiscal year, determines the amount to transfer from the DOR Information Fund (0619) to the State Highways and Transportation Department Fund (0644) pursuant to Section 32.067(1), RSMo. The transfer amount is the amount of monies derived from highway users as an incident to their use or right to use the highways of the state which were deposited into the DOR Information Fund less the amount of disbursements from the DOR Information Fund which were made to produce the monies referred to in Section 32.067(1), RSMo.

State Tax Commission

The State Tax Commission is a quasi-judicial administrative agency created by the Missouri Constitution to perform six (6) basic functions. These functions are:

1. Equalize inter- and intra-county assessments
2. Conduct *de novo* judicial hearings regarding valuation and classification appeals from local boards of equalization in individual assessment cases
3. Formulate and implement statewide assessment policy and procedures to comport with statutory and constitutional mandates
4. Supervise local assessing officials and local assessment programs to ensure compliance with statewide policy requirements
5. Conduct ratio studies to determine the assessment level in each county and to measure the quality of the assessment program
6. Original assessment of the distributable property of railroads, airlines, pipelines, telecommunications, and public utilities

The State Tax Commission oversees an assessment system, which is responsible for the annual collection of \$6.4 billion in property tax revenues, which serves as the financial foundation for public schools and local governmental agencies.

The State Tax Commission envisions an ad valorem assessment landscape which ensures the equitable treatment of all property owners in the State of Missouri. This vision will be manifested through the State Tax Commission's emphasis on the guiding values of work ethic, discipline, integrity, efficiency, and impartiality in its performance of its duties and the fulfillment of its responsibilities to the citizens of Missouri.

2. CORE DESCRIPTION

Section 137.750, RSMo states that the State of Missouri may provide local assessment jurisdictions with up to 60 percent of all costs associated with implementing a biennial reassessment plan. The current assessment maintenance appropriation reimburses at 50 percent of all costs associated with implementing a biennial reassessment plan. This core request in the amount of \$9,843,804 will provide reimbursements to counties at the statutory floor of \$3.00 per parcel based upon 2011 parcel count.

The actual cost per parcel required to implement the statewide assessment program stands at \$17.53. The core request provides funding to pay for 14% of the actual cost required to assess property in the State of Missouri with the balance of 86% being borne by local government.

Property tax revenues in 2012 were approximately \$6.5 billion, of which roughly \$4.5 billion provides funding to local public schools.

The Missouri Lottery is a revenue source for Missouri public education.

The Lottery's mission is generate funds to provide educational opportunities for Missouri students, support Missouri businesses, and entertain millions.

The core functions of the Lottery are to:

- Recruit and license Lottery retailers
- Create, market, and distribute Lottery products
- Collect revenues from Lottery retailers
- Pay Lottery prizes and retailer commissions
- Ensure the security and integrity of Lottery operations and games, and
- Transfer profits to the Lottery Proceeds Fund

After a record high in Fiscal Year 2012, ticket sales rose again to a new record high in Fiscal Year 2013. Lottery sales exceeded \$1 billion for the third year in a row and the amount of profit transferred to the Lottery Proceeds Fund for education exceeded \$288 million, the highest in Lottery history

Over the past 27 years, the Lottery has sold more than \$16 billion in product and transferred profits of nearly \$4.6 billion to the state and public education.

2. CORE DESCRIPTION

The Missouri Lottery requests continued core funding for prize payouts associated with the Lottery's Scratchers and Draw Games. Prize structures of games are established to maximize sales and profits for Missouri public education. The Lottery will continue to inform the public of the prize structure of each game.

As this is a sales-related appropriation request, an "E" appropriation for prizes is requested so that the Lottery can continue to pay prizes if sales exceed customary levels.

3. PROGRAM LISTING (list programs included in this core funding)

Prizes related to the games offered by the Missouri Lottery.
